

Position Title: Pelvic Floor Specialist Physical Therapist

Location: Hales Corners, WI

Employment Type: Full-time

Days per week: 4

Hours per Week: 32-36

Company Background: Revitalize Physical Therapy provides hands-on, one on one, personalized care in a private, comfortable setting. Our priority is to help our clients live a healthy, active life and do the things they enjoy the most. We are the women's health physical therapy experts and treat common pelvic floor issues during pregnancy, postpartum, menopause and everything in between. In addition, we also offer small group exercise classes, run video analysis, and functional health services. Locations in Hales Corners and Wauwatosa.

Position Summary: The Pelvic Floor Specialist Physical Therapist position at our Hales Corners location provides high-quality, personalized and evidence-based treatment with a strong emphasis on manual therapy in the women's health setting. Treatment is provided as out-of-network in order to provide the clients with the care you feel is most appropriate. The ideal candidate would have completed Pelvic Floor 1 coursework and have at least 2 years of overall physical therapy experience. In addition, they would have exceptional communication skills, a desire to provide quality treatment to clients and continued learning, strong attention to detail, and intermediate to advanced manual skills and pelvic floor skills.

Primary Responsibilities:

- Develop care plans using a variety of treatment techniques
- Create fitness and wellness programs tailored to patient's specific needs
- Provide quality, personalized and evidence-based care and interventions
- Motivate patients during treatment in order to help them function optimally
- Document patient care services in a timely and efficient manner
- Consult and practice cohesively with other health professionals
- Continued learning and growth within the pelvic health space
- Sales conversion via phone, email and in-person consultations
- Occasional participation in marketing tasks including, but not limited to, blog posts, video content, social media, and events
- Assisting with cleaning of patient exam rooms including linens and disinfecting surfaces
- Assisting with scheduling and payment processing when needed

Skills and Experience:

- Valid Wisconsin physical therapist license

- Completion of Pelvic Floor Level 1 coursework at a minimum
- At least 2 years of overall physical therapy experience
- Exceptional commitment to customer service and a sincere desire to help clients
- Outstanding communication (verbal and written), interpersonal, and organizational skills
- Ability to build relationships with clients, maintain confidentiality and show empathy and sensitivity for difficult topics
- Strong skillset of manual therapy techniques and willingness to learn and perfect those
- Comfortable working with pregnant and postpartum clients as well as trauma survivors
- Working knowledge of Microsoft Office (Word, Excel, PowerPoint), Office 365, and Google Drive equivalent services
- Working knowledge of iPhone and iPad technology
- Must be comfortable using internet-based websites and applications; ability to learn the current scheduling system and computing technologies
- Strong attention to detail; demonstrate flexible and efficient time management.
- Organized, flexible, able to prioritize and to work on multiple tasks at the same time; able to problem solve independently and collaboratively
- Flexibility in working in a fast-paced environment with frequent interruptions

Physical Demands:

Must be able to lift up to 40 lbs.

Must reach, bend, stoop, lift throughout the day

Must sit, walk, stand throughout the day

Some repetitive motion may be required

Working Conditions:
